EXPERIENCE

IBCS-PRIMAX
Software (BD)Ltd.

Subra Systems Ltd.

Softavion Ltd.

UI/UX Designer

March 2023 - PRESENT

Conceptualized and designed multi-platform (mobile and web) solutions for various government projects, ensuring seamless user experiences across devices. Collaborated closely with cross-functional teams, including developers, product managers, and stakeholders, to drive alignment and achieve project objectives

UI/UX Designer

September 2022 - Feb 2023

At Subra Systems Ltd, I took on dual roles as a Business Analyst and UI/UX Designer, bridging the gap between business requirements and user-centered design. Led requirements gathering, stakeholder communication, and created intuitive designs that aligned with business goals while enhancing user experience across digital platforms.

Business Analyst

March 2021- August 2022

Business Analyst at Softavion Ltd, responsible for gathering and analyzing business requirements, developing process improvements, and translating client needs into actionable solutions. Collaborated with stakeholders to streamline workflows, enhance system functionalities, and ensure successful project delivery aligned with business goals
